Our Early Help Offer

We understand that from time-to-time family life can have its difficulties. At these times You may need some extra help and support in order to help you and your family we have our own Early Help Offer.

Early Help means providing support as soon as a problem appears, to prevent it from getting worse. This could be at any point in a child's life, from birth to the teenage years.

What sort of Concerns might you share?

These might include but are not limited to:

- Behaviour
- Attendance
- Financial worries and debt
- Domestic abuse
- Bereavement and loss
- Cyber Bullying
- Mental Health

We will support you as a family in every way that we can. This might be through:

- ✓ Key interventions such sessions with our Art therapist, Wellbeing and emotional support practitioner, or referral to our Educational Psychologist. Time with our Mental Health First Aiders or reasonable adjustments in school
- ✓ Support and guidance to find the right outside agencies and support with administration to access services
- ✓ Completing a local authority Early Help assessment with you
- ✓ Liaison with the relevant experts in school (attendance, behaviour etc)
- ✓ National Online Safety - Parents can sign up to this fantastic resource which we also use regularly in school. All schools within Emmaus have been provided with this opportunity to support online safety of our children.

How will our safeguarding procedures be effective in supporting our families?

At Hagley Catholic High School, we have a Designated Safeguarding Lead and safeguarding deputies. All our staff are trained to identify and report safeguarding concerns. Where concerns are raised, we will follow the reporting procedures. Our team works and supports our families to work with all relevant agencies to reduce and remove identified risks.

How will our children learn to keep themselves safe?

Our curriculum provision and additional work from outside agencies, including charities and the police, support our students in learning how to keep themselves safe.
